VCube™ Installation Guide V3.x - 1

17th -September-2010

- AJA LHi board support added (except for VCube LE & XE)
- For Windows XP users: This new version requires an upgrade to Windows XP-SP3
- Windows 7 Professional is supported (32bit): It is recommended that any user created for VCube has full administration rights (User Accounts->account type). If it is not the case you'll need to log on as an Administrator in order to be able to change the account type for this user to Administrator. It is mandatory that the VCube user has the full administration rights.
- Windows 7 appearance: The Windows 7 Basic Theme is recommended Please turn AERO themes off for ultimate performance.
- Please disable the Windows indexing for any DATA hard disk drives present in the system for ultimate performance.
